On January 30, 1904, after Charles S. Mellen had become president, his secretary wrote to the late Charles F. Choate of Boston, an attorney for the New Haven, saying that the board had authorized Mellen to purchase the Central New. England, but that Mellen had not yet "committed himself." There was still time for objection to be raised and Choate's opinion was asked. "Mr. Mellen wants this matter kept strictly confidential," the letter read. Choate replied directly to Mellen, stating that he did not know much about the properties in question, but that, in view of the fact that the Northern Securities case was still pending he advised against "doing anything that might be a violation of the Sherman Land and the She that might be a violation of the Sher-

Turner wrote that W. W. Kurtz, an aged Philadelphia banker, had failed and was trying to pay his debts before he died. Kurtz owned securities of the Central New England and Turner asked Mellen to buy them at the price pats for the majority accurities.

Mellen replied that he was sorry to say that the securities were of virtually no value and that he had no hope that for years they would be. All he could offer, he said, under the authority of the board of directors, was 40 per cent. on the bonds and the "nominal price" of \$6 a share for the common stock and \$10 for the preferred.

The securities owned by Kurtz, mostly bonds, had a face value of about \$53,000. At the New Heven's price they were worth to him less than \$20,000.

"Unless the board demands it I do not want Mr. Cahill to answer Mr. Tierney's questions," said Capt. Doe.

The chairman said the board would not insist moon Mr. Cubill answering questions though the board sought all the information possible. Asked if he knew of any discrimination at the plant, Mr. Cahill said he did not know and if he had any knowledge of it he would not permit it.

Mr. Tierney then mentioned names of men alleged to have been discriminated against and Mr. Cahill said he knew nothing of the cases in question, but that he would take the matter up at once.

knew nothing of the cases in question, to but that he would take the matter up at once.

Mr. Tie:ney then called the chairman's attention to the fact that he had not received a copy of the statistics submitted at the hearing and he asked if he would receive a copy.

The chairman advised him to ask Capt. Doe for a copy.

"May I have a copy?" asked Mr. Tierney, addressing Capt. Doe, and the captain repited in the negative.

"That's what I thought." said Mr. Tierney, and he again appealed to the chairman, who said the board would consider the matter.

Bett Chandlet, a machinist, asked the privilers of interrogating Mr. Cahill relative to alleged discriminations. One of the complaints was that fixers in one department were receiving 12½ per cent increase while other fixers did not receive the increase. There was also an alleged discrimination relative to hours. It was finally decided, on recommendation of Mr. Wood, to have Mr. Chandler and Mr. Cahill talk matters over helween themselves and submit it to the board later.

At one oclock the heard adjourned to meet at the Cartridge company's plant at South Lowell at 2 o'clock.

ASQUITIG BALFOUR AND LLOYDсеовсефовы согиси-котец-ENER AT FRONT

LONDON, Nov. 9 .- England's part in the great European war will bereafter be directed by the "big three," officially known as the war council. While it is officially declared in gov-

ernment circles that this action is taken in order to allow of Lord Kitch-ener taking active charge of the cam-paign in the Balkans, where he is de-clared to be the one man to lead the allied troops to victory, it is openly claimed by his encinies, of whom he has many, that he will not return to power in his position of secretary of state for war, and that he has been deposed per manently.

England's new policy places almost complete command of the land and naal operations in the hands of its counoil of three-Premier Asquith, First Lord of the Admiralty Balfour and Min-ister of Munitions Lloyd-George. The premier is now acting secretary of state for war and will head the new council.

WILL HOLD GENERAL MERTING IN BOSTON THURSDAY.... BALLROADS TURN DOWN DESIGND

BOSTON, Nov. 9.—A meeting of representatives of all unious in this city.

A. F. of Lo. and those affiliated with other organizations will be held Thursday night, to devise means for ending the strike of the freight handlers in the local terminals of the Boston & Albany, Boston & Maine and New, Halbany, Boston & Maine and New, Ha

niass mecting.

This action was decided on last night This action was desired as a second of a meeting of committees representing the strikers, the CLU and the Teamsters' joint council, and followed reports to the effect that no settlement had yet been made.

Committees conferred with the man-

ment had yet been made.

Committees conferred with the management of the three roads yesterday and were informed that the terms of the men could not be guaried, that the original proposition for each man to return as an individual, was the only one that would be considered.

President Jennings and members of his committee retused to comment on the situation, but one of the leaders said: "It is up to organized labor of band only this city but of the entire county to take a hand in this strike and prevent the railroads from breaking these unions.

"It is very possible that President Jennings and his committee will be empowered by a vote of the meeting Thursday night to tell Gov. Walsh, Mayor Curley and others interested, as well as the railroad officials, that something must be done and done soon, to prevent business in Greater Boston from stopping."

Attempts will be made to have further conferences today between the men and the railroad officials.

Local fans are discussing the chances of Luyster as the 1916 manager of the Lawrence club. Bill's pepper would undoubtedly enthuse the players to action and the umples would pet away as easily as they last year.

One thing should be made plain to all basedall managers next year and that is that umpires appointed by the league must work in all cities and not be sent to some cities because they wouldn't be accepted anywhere cites. There were one or two umpires in the league last year that wouldn't be allowed to umpire games in certain elties, it is unfair to have umpires kept out because of adverse decisions. Looking at the same umpire every day sets tiresome, no matter how good he is. One thing should be made plain to all

With Louis Fleper and Tim Murnane at the minors meeting on the coast there should be plenty of news coming from that section shortly. Pleper is going to wage the fight of his life for the merger proposition. When it comes to fighting the Lynn manager is certainly there. is certainly there.

A Lawrence paper says that with three members of the committee, Pieper, Puffy and Burkett, we are inclined to believe that Louie Pieper is chairman of the merger committee and not Joe Sullivan. Joe's vote and that of Andy Roach's would total only two against the combine's three.

Young Saylor says of Ted Lowis: The is now the preatest in the world, is my opinion, and any one who says are cannot hit had better not take any af his punches. It is wonderful how that fellow has developed into a great boxer, and take it from me, there is no lightweight in the world that can defeat him. I do not feel discouraged because he defeated me, when I hear what he did to others, even in the welterweight class. STOMACH UPSET?

Get at the Real Cause - Take Dr. Edwards' Olive Tablets

That's what thousands of stomach sufferers are doing now. Instead of taking tonics, or trying to patch up a poor diges-tion, they are attacking the real cause of the allment—clogged liver and disordered housely.

Dr. Edwards' Olive Tablets arouse the liver in a scothing, healing way. When the liver and howels are performing their natural functions, away goes indigestion and stomach troubles.

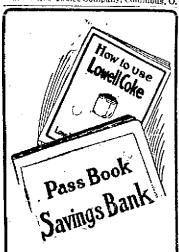

and stomach troubles.

If you have a bad taste in your month, tongue ceated, appetite poor, lazy, don't-care feeling, no ambition or energy, troubled with undigested food, you should take Olive Tablets, the substitute for calomel.

Br. Edwards' Olive Tablets are a purely vegetable compound mixed with olive oil, You will know them by their olive color. They do the work without griping, cramps or pain.

Great havoe was wrought in the dining room, barely anything of vaine escaping serious damage. Large pictures and oil paintings were blown from the walls, the table and large rug were damaged: knives, forks, spoons and china were scattered to every corner of the room.

A large decorated candelabra of very fine workmanship and valued at \$150, which rested on a pedestal in the wall-dow space, was completely demolished. The china closet which sets in the wall-was also wrecked. What the actual explosion did not damage, was done by a mixture of hot water and paster which smeared everything it struck in the room.

The hard wood flooring was ripped up from one end of the room to the other, and in the center of the room, which was directly over the heater, a large hole was bored through where the cast fron head of the heater came through. Several parts of the head were pleked up in the room later.

The dining room celling was also somewhat damaged by the explosion.

Some damage was caused in the parlor. A large, valuable fardliner was blown from its pedestal and smashed to hits, and the pedestal was also broken in places.

Walsh Praises Public Service Gov. of Chairman of Boston Licensing Board

BOSTON, Nov. 9.—Praising highly the public service of Chairman Charles R. Gow of the Boston Licensing board BOSTON, Nov.

It gow of the Boston Licensing board, Gov. Walsh yesterday denied emphatically the report that he had resigned or contemplated resignation. "There is not a more honorable or conscientious official in the public service," declared the governor. "I have not the slightest doubt that Mr. Gow's attitude has been that he would resign it his administration was not satisfacif his administration was not satisfacif his administration was not satisfac-tory, because I am confident that Mr. Cow has always held the office from a sense of public duty solely, and that he would be the last consciously to do injustice to any man, but no hint of any resignation has ever reached me."

REFERENDUM CARRIED BY 5055
MAJORITY IN NORFOLK COUNTY ON ELECTION DAY

NORWOOD, Nov. 9.—Full returns of the vote in Norfolk County show that the referendum providing for the erection of a \$75,000 agricultural school within the borders of the county was carried on election day by 14,230 to 1914 votes, a majority of 5055.

With the single exception of Brook-line, which is not agricultural and not physically connected with the rest of the county, even the city of Quincy, voted for the referendum was actively favored by the grangers and by the Norfolk County Farm burean, with headquarters at Dedham, established some six months ago to help the farmers in growing and selling their crops. County Commissioner Evan S. Richardson of Millis is president of this bureau.

Before the election so much scattment against the school proposal was known to exist in some quarters of the county that the success of the project was considered doubtful.

The pair at that time were picturesque characte: octore the world on account of their great fight for the cause of Ireland and its results. O'Brien, then in the dower of young manhood, was an able orator and until driven from Ireland was the editor of "United Ireland." He was known as the "hero of 100 fights." He had been repeatedly tried, convicted and imprisoned with no other effect than to make him more determined than ever in his fight for home rule. At this particular time both O'Brien and O'Connor had been arrested by the Balfour government on the charge of hav-ing made inflammatory speeches, and while awaiting trial had escaped to france, the refuge of many another lrish patriot and exile. KIOTO, Japan, Nov. 9.—Most of the diplomats and special envoys who have arrived here to attend the coronation ceremonies are quartered at the Kioto hotel, which has been refurnished from cellar to roof. Every article used was manufactured under the direction of the imperial household, constituting one of the items in the \$5.000,000 budget provided to pay the expenses of the coronation. Press representatives were entertained at the hotel by Mayor Inouve at a historic Japanese dinner. Ancient dances presented by Geisha girls took

at a historic Japanese dinner. Anclent dances presented by Geisha girls took the guests back a thousand years in the history of the empire.

The mayor paid tribute to the important role the press has played in promoting the progress of Japan and, like the mayors of American cities, he took advantage of the opportunity to point out the attractiveness of Kiotond the great industrial advance it has made.

M. Skouloudis, the new premier of Greece, having announced his intention of maintaining an attitude of 'very henevolent neutrality" toward the entente powers, it is expected that the sending of allied troops to and from the Greek port of Saloniki will proceed without interruption by the Greeks. A dispatch from Athens to Paris says that by agreement with the local authorities the entinte allies will construct a jetty and make

a new road at Saloniki to facilitate communication between the wharves and the railroad terminus. The authorities also have given the entente allies permission to use part of the wharves to land troops when the wharves are not required for Greek transports. The pictures show the disembarkation of a cavalry horse at Saloniki and French troops marching in the city.

was a moderate raily at midday, Bonds were easy.

The raily at noon carried many stocks to higher levels. Steel rose to \$5 1-2, with proportionate gains elsewhere. All this was lost later, when fresh liquidation depressed prices lower than hefore. Specialties were 5 to 20 points under yesterday's close.

Representative stocks rose slightly from lowest prices and some specialties, including Studebaker, recovered half of their declines. The closing was heavy.

ANOTHER CONFERENCE ON THE PLUMBING-MR, COSTELLO TO COMPLETE ORIGINAL CONTRACT

At a conference held following a regular meeting of the municipal council this afternoon, the members of the council voted to drop the testing of the pipes at Memorial building and instruct T. F. Costello of the firm of T. Costello & Co., to go along with his original contract. This action was taken after the reading of a letter from Mr. Costello in which he asked 45 for each pair of men who worked on the testing of the pipes, and the sum of \$605 to complete the work and also to supply some new fixtures. Present at the conference were the members of the connection work, and 12 others, at the conference were the members of the connection work.

Mr. Costello asks for \$5 a day for every pair of men he had at work in the building up to the time be was informed to stop work and he submits a bild of \$569 to compate the work of testing the pipes and making the connections, as well as including some new material. He also states he is not in a position just now to bid on the installation of broken pipes.

The mayor suggested that Mr. Costello he instructed to go along with his contract and not bother with the test, and take a chance on the latter. Inspector Connor said men of his department made an inventory of the gracked pipes and later reported to Gommissioner Putnam.

Mr. Carmichael said the council should at the outstart have informed Mr. Costello to go along with his contract and not bother with the test, Mr. Morse said he favors going along with the contract and let the testing matter go to a later date.

GERMANS FIGHT WITH TEST TUBE AND RETORT AS WELL AS WITH GUNS

GERMAN CHEMISTS AT THE FRONT

Germany has a new food, discovered by a soldier in her trenches which she believes will be a powerful ally against famine. Had the amazing story of its discovery appeared in any other publication than the Chemiker Zeitung, regarded by many scientists as the leading organ of chemistry in the world, it might be received with a shrug of incredulity. The latest number of this journal tells of the finding by a young bacteriologist, who is also a private soldier, of a new microbe which changes sugar to fat and thus produces a substance of high nutritive value which is readily asimilated. The organism supplements the work of another used in transforming sugar into albumen. Among the manifestations of German thoroughness is the utilization of chemical processes in warfare. In the picture are seen two German military scientists, in uniform, conducting an experiment.

MEMORIAL HALL WORK APPEAL TO PRESIDENT CARPENTIER, FRENCH CHAMPION, KEEPING IN TRIM BY ENGAGING IN BOUTS ON THE BATTLEFIELDS

Judging by the photographs and stories that have come from France during the past few weeks Georges Carpentier, the heavyweight boxer of France, who has been reported wounded and killed several times during the past few months, is still in the ring and willing to exhibit his skill with the mitts. In fact, those who figured the sensational Frenchman was out of the ring for god should witness Georges in his houls on the battlefields of France during the past few months. Of course this is impossible unless you are a member of one of the regiments on the firing line. Judging by the reports, Carpentier relains his old time skill and has added a number of knockouts to his credit. When the war is over Georges intends to re-enter the ring and give the so called champions battle. The Frenchman has put on a lot of weight since he donned the soldier uniform. Illustration shows Carpentier boxing with a soldier of one of the regiments in France.

CHEERS WAREFIELD—BIG PROCESSION

LONDON, Nov. 2.—Notwithstanding wet weather, immense crowds gathered today to witness the procession in connection with the inauguration as lord mayor of London of Sir Charles Cheers Wakefield. The procession was longer than in time of peace aithough it lineked the usual symbolic and historical pageantry. Except for the robes, carriages and other paraphernalia of the mayor and the city officials who accompanied him, the procession was of a purely military character. The occasion was utilized for recruiting, and meetings were held along the route.

SERIES MAKING GOOD IN VAUDE-

OAKLAND, Cal., Nov. 9.-Duffy Lewis, left fielder of the world's champion fled Sox, is making as big a hit on the vaudeville stage as he did the past sen-son on the diamond. Durfy made his first appearance on the stage as a reg-"actor" a week ago last Sunday afternoon at the Pantage theatre at San Francisco, and was given a great reception at each performance during his stay in that city.

This past Sunday Duffy opened his

Referee Woodcock of the Lo Lawrence District Soccer league been dropped.

Harvard's new "Red Pepper" song should help some if the singers do nothing but holler the name. The Cumbridge warriors dbi a great come-back Saturday.

Che Martel continues to roll in obt-time form in the City league. His average at the present time is 106.5, which is the best in the league consid-ering the number of games he has rolled. Chester's old side ktck, Ducky Myrick, has an average of 37.41.

With Phillips Andover in a crippled condition the outlook for the game with Exeter next Saturday is not very bright. If Andover fails to make a showing watch for some radical changes in the squad.

While Louie Pieper is attending the meeting of the minors in San Fran-cisco today he will have a chance to sae his brothers who reside in Los Angeles. Pieper will be at the coast fo some time.

The V.M.C.I. bowling team will entertain the aggregations representing the Broadway S. & A.C. at the Y.M.C.I. alleys Friday night.

Dan Smith, formerly of Haverhill, and one of the best known writers in the sport line, is a candidate for mayor of Brockton on the democratic ticket.

The soccer boys are getting in some fine licks these days, especially the members of our home team. The game is growing in popularity and is thoroughly enjoyed by a large number of fellowers.

Local fans are discussing the chances of Luyster as the 1916 manager of the Lawrence club, Bill's pepper would undoubtedly enthuse the players to action and the umpires would not get away as easily as they did last year.

One thing should be made plain to all baseball managers next year and that is that umpires appointed by the league must work in all cities and not be sent to some cities because they wouldn't be accepted anywhere else. There were one or two umpires in the league last year that wouldn't be allowed to umpire sames in certain elitowed to umpire sames in certain elitowed to umpire sames in certain elitowed. lowed to umpire games in certain cit-tes. It is unfair to have umpires kept out because of adverse decisions. Locking at the same uniples every day gets tiresome, no matter how good he is.

With Louie Pieper and Tim Murnane at the miners meeting on the coast there should be plenty of news coming from that section shortly. Pieper is going to wage the fight of his life for the merger proposition. When it for the merger proposition. When it comes to fighting the Lynn manager is certainly there.

A Lawrence paper says that with three members of the committee. Pieper. Duffy and Eurisett, we are inclined to believe that Louie Pieper is chalman of the merger committee and not Joe Sullivan. Joe's vote and that of Andy Reach's would tetal only two against the combine's three.

Young Sayler says of Ted Lowis: "Me is now the greatest in the world, the my opinion, and any one who says he cannot hit had better not take any of his punches. It is wonderful how that fellow has developed into a great that fellow has developed into a kreat, boxer, and take it from me, there is no lightweight in the world that can defeat him. I do not feel discouranced because he defeated me, when I hear what he did to others, even in the welterweight class. The decision in our hout was the only one that Reference Penchus could have given, and erce Donahue could have civen, and be fair to Lewis. I have heard a lot about Boston referees, but from what

Kenyon, a centre forward who for Renyon, a centre forward who for-merly assisted Rochdale, is announced to have decided again to lead the line. Brown, the Rochdale cricket profes-sional, who last season played for Exeter City, was also chosen at left full back in place of Caldwell, the former Athletic player.

J. Forbes, the ex-Bristol City and Stalybridge Celtic player, has decided to throw in his lot with Droytsden F. C., who are members of the Southeast Lancashire league.

George Livingstone, the well known scottish international and Manchester United player, is to be lost to the game for the time being. For months Livingstone has been endeavoring to got his services utilized in the manufacture of munitions, but without success. Along with his wife he became interested in the Wood Livin hospital, and having passed the necessary expenses the services of the wood from the premises. Get at the Real Cause - Take Dr. Edwards' Olive Tablets

That's what thousands of stomach suf-ferers are doing now. Instead of taking tonics, or trying to patch up a poor diges-tion, they are attacking the real cause of the ailment-clogged liver and disordered

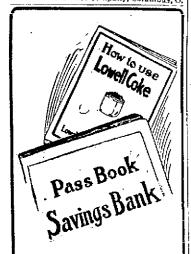

owels.

Dr. Edwards' Olive Tablets arouse the iver in a soothing, healing way. When liver in a soothing, healing way. When the liver and bowels are performing their natural functions, away goes indigestion and stomach troubles. If you have a bad taste in your mouth,

torgue coated, appetite poor, lary, don't-care feeling, no ambition or energy, trou-bled with undigested food, you should take Olive Tablets, the substitute for catomet. Dr. Edwards' Olive Tablets are a purely

vegetable compound mixed with plive oil You will know them by their ollyo cale They do the work without griping, cramps

or pain.
Take one or two at bedtime for quick. At relief, so you can eat what you like. At 10c and 25c per box. All druggists, The Olivo Tablet Company, Columbus, O.
